RECORD

Of the Congressional Candidates in Democratic Primary Reviewed by Editor Breckinridge—Wm. P. Walton's Indictment of Mr. Cantrill.

Below is reprinted an editorial from the Lexington Herald of June 20:

THE RECORDS OF CANDIDATES FOR CONGRESS.

It is less than a week till the Democratic primary will be held for the selection of a candidate for Congress. Saturday, the 25, between the hours of 6 and 4 o'clock, the Democratic voters of the Ashland district will have the opportunity to cast their ballots for their choice for a Representative from the most famous district in Kentucky, which was at one time the most famous district in America.

Their choice is restricted to J. Campbell Cantrill, Representative in Congress at present from this district, and Claude M. Thomas, representative in the State Senate from the senatorial district composed of Bourbon, Clark and Montgomery. Every Democrat owes a duty to his party and to his State to cast his ballot in that primary. No Democrat who does not vote will have a right to complain of the result of the election or to criticize the successful candidate. It is a duty not only to party and the State but to his country for every man who has the right so to do to participate in that election. In this district the nomination is equivalent to an election, so that it will be decided on Saturday who is to be the representative from this district in the halls of Congress.

There was never more important crisis in the history of Central Kentucky; there was never a time when the Democratic party needed the services of its best men more than at present. The next House will be Democratic. It seems as certain as that the sun shall rise tomorrow that there will be a revision of the tariff. No man ought to be elected to Congress who is not capable by reason of ability and education to take an intelligent part in the framing of a tariff bill and by reason of character and honesty to be free even from suspicion of being controlled by "the interests."

The people of America are more awake today than ever before to the vital necessity of having men represent them in Congress who are not subservient to the "interests." In the last few years there have been astounding revelations of the manipulation through which the Sugar Trust has garnered its untold millions; of the control of members of the House and Senate by reason of which the Steel Trust has been able to capitalize \$500,000,000 of watered stock and pay on it dividends at the rate of \$25,000,000 a year; of the negligence, ignorance or corruption of public officials which have permitted the Tobacco Trust to pay in the period of six years \$70,000,000 as dividends on stock which did not cost the original owners a single cent; of the hold that the Smelting Trust and the Guggenheims have gotten on the mineral resources of the country; of the untold wealth that has been taken from the people through the inequities and iniquities of the tariff laws.

The insurgency of the Republicans in the West is due to the education of popular opinion and the awakening of the public conscience, as is the revolt of the plain people of Massachusetts, New York and Pennsylvania, which makes it possible in all these states, even in the rock ribbed Republican State of Pennsylvania, Democratic victories.

The Ashland district ought to send a man to Congress whose whole life is proof that he will raise his voice and cast his vote in the interests of the people instead of at the command of the trusts. Of supreme importance as is the tobacco question to this section it is of no greater importance in the ultimate analysis than is the reduction of the tariff. If it were not for the subservience of the members of Congress and the connivance of officers of the law, no trust would ever have attained such growth as has the Tobacco Trust, nor secured such power as it has secured to blight the prosperity of a whole section.

Every Democrat in casting his vote next Saturday ought to ponder well the questions that will be considered by the next House of Representatives and weigh with care the ability, character and records of the two candidates for the Democratic nomination for Congress in this district.

Senator Thomas has been in the public eye for a quarter of a century. He was a member of the Legislature twenty-five years ago; consul of the United States at Marseilles; frequent a candidate for office in his home town; now a member of the State Senate, during the session of which his course was such that those opposed to him scrutinized his record with care, with the certainty that they would have attacked that record with bitterness had it had a blot upon it. There has not been an intimation that he was controlled by other than a high sense of duty. There has never been a suggestion that he was the representative of any especial interest, or that any action was taken by him save from what he believed to be for the interest of the people.

Mr. Cantrill was a member of the State Senate during the terrific times preceding and following the death of Governor Goebel. After the expiration of his term as Senator he was a constant attendant at the sessions of the Legislature, representing interests which desired to influence legislation, either to promote legislation for their benefit, or to kill legislation which they thought hostile to their interests. It was commonly reported that he was the chief representative of the liquor interests at Frankfort during the Legislature at which the question of the increased tax on rectified whisky was considered; he was most closely allied to Frankfort with those who were the representatives of the liquor interests,

of the Tobacco Trust, of the Book Trust.

We submit to the people of this district, to the Democrats of this district, irrespective of whether they grow tobacco or do not grow tobacco, whether they are pool men or anti pool men, the question as to whether, at this period in the development of the State, at this crisis in the life of the Democratic party, it is wisest to elect a man who has the record that Claude Thomas has or a man who has the record that Campbell Cantrill has.

To the Democrats of the district we submit further the fact that Mr. Cantrill is making the race largely upon his record as a Democrat. With wonderful skill and great adroitness he is using the fact that Mr. Lebus, the President of the Burley Tobacco Society, who is opposed to him, is a Republican as a ground for the plea to the Democrats for their support. But after the charge has been made and reiterated that Mr. Cantrill did not favor the election of Governor Beckham, the Democratic candidate, which election was brought about by the votes of four members of the State Legislature who were first whiskey men and then Democrats, he has failed to reply to the direct question to whether this charge is true or false. His failure to reply is presumptive proof of the fact that he cannot truthfully deny the accuracy of the charge, which, if true, makes his denunciation of the intermeddling of Republicans in this contest ridiculous and absolves from allegiance to him those who have heretofore felt bound to him because of his record as a Democrat.

We have gladly published every card or statement which Mr. Cantrill has sent for publication, and will gladly publish his answer to the charge that he favored the election of Governor Bradley to the United States Senate, instead of using what influence he had, which in that Legislature was great, to promote the election of Governor Beckham.

[From the Lexington Herald, June 20.]

WM. P. WALTON'S WRITINGS.

GUILTY OF EVERY CHARGE IN THE INDICTMENT.

Let's see. Campbell Cantrill, member of Congress and candidate for re-nomination on the Democratic ticket, has been charged with failure to support the Democratic ticket of 1907. Of this he has made no denial and the charge must be taken as confessed.

Those who say he was Senator Bradley's ablest lieutenant when he was elected over Governor J. C. W. Beckham for the United States Senate although the latter was the regular nominee of the Democratic party. It has been charged and never denied by Mr. Cantrill or any one else that he "delivered the four ruffians of the Democratic party to Bradley." This charge too must be taken as confessed.

It has been charged that he manipulated the school book bill in the interest of the American Book Company, thereby costing the parents of the State more than a hundred thousand dollars. In this he flew directly in the face of Democratic sentiment and against a Democratic measure. This charge cannot be denied any more than the others. The record is against it and the verdict is guilty as charged.

It is further charged and cannot be denied that Mr. Cantrill defeated the bill to make rectified pay a small proportion of the burden of taxation, causing Governor Beckham to reconvene the Legislature into extra session at a cost of many thousands of dollars to secure that for which there should have been no question. To this indictment the gentleman of Scott is bound to plead guilty.

The direct charge is made by Governor Beckham in his State Journal, that Mr. Cantrill caused the State an extra expenditure of over \$20,000 by delaying the bill to change the location of the new capitol from the old site to another to be selected by the Commissioners. There are other charges in this connection, but the one directly made is sufficient. Mr. Cantrill is as guilty of it as a jury of those who know the facts can make him by a verdict. There was a bill before the Legislature whose passage was greatly desired by the farmers to protect their interests. It was known as the McCord bill. Mr. Cantrill, for reasons of his own, helped to defeat it. There can be no other plea to this count but guilty.

After his term in the Senate had expired Mr. Cantrill's energies did not cease. He was active and open lobbyist for the leading trusts, including the American Tobacco Company in whose interests the Burley Society charges that he is still working.

That such an indictment can be so fully maintained against a man now asking for Democratic support is a reflection on the party as well as an evidence of the sublime assurance of the man. How he can appeal to Democrats to support him after his tortuous course can be accounted for only by the presumption that he regards them as a lot of idiots who can be caught with any sort of bait.

Leaving out of account the moral and official turpitude that this recital proves, can those Democrats who believe in regularity, support such a man? The question answers itself. No Democrat who believes in official and party rectitude can vote for Mr. Cantrill without stultifying himself.

In this discussion we have left out the charges of the Burley Tobacco Society that Mr. Cantrill has betrayed it into the hands of the trust and would further tie them hand and foot by making only a 75 per cent pool binding. Colonel John R. Allen has very ably shown how such a provision would destroy the object for which a pool is made. It is in direct accord with the interests of the American Tobacco Company, the foe of every honest toiler in the tobacco fields. The Society has made other and damaging charges against Mr. Cantrill, but those mentioned are sufficient to make every tobacco producer work against him, who knows his own interest.

We have endeavored to show that no Democrat with a proper appreciation of Democratic principles and ties can vote for Mr. Cantrill and we believe that no tobacco man will who is a

RICHMOND LOSES TO PARIS.

In the second game of the series at Richmond Tuesday Paris defeated the Pioneers by a score of 11 to 2. In the third inning when with two men on bases, Maxwell pounded out a home run Knox was taken from the box and Hedges substituted, the latter, however, fared but little better.

Paris played a perfect game in the field and at the bat showed a return to the old form of hitting. Scheneberg kept his hits scattered sufficiently and the Pioneers were unable to get a man around the rubber until the eighth inning when they chalked up their only two tallies of the game. The features were Maxwell's drive over the left field fence and the fielding and batting of the Bourbon aggregation. Score: 3 Richmond.....0 0 0 0 0 0 2 0—2 Paris.....0 3 3 1 2 0 0 2—11

SHUT OUT BY LAWMAKERS.

By the slow field work of the locals the Lawmakers were given a lead in

the opening sessions in the game at White Park Wednesday afternoon which could not be overcome and resulted in the defeat of the Bourbonites by a score of 3 to 0. McCormick, who did the slab work, lost his first game of the season, which was a pretty contest after the first two innings.

The visitors played a snappy game, and with Cornell on the mound, had the locals well at their mercy throughout the contest. Several times the locals had men on second and third but the hit necessary to tally was not forthcoming.

In the ninth inning with a man on each of the three bases and one man down, Maxwell pulled off a neat one handed catch of a liner from Hoch's bat, and doubled the runner at third, retiring the side.

The double play of Maxwell and the splendid hitting of Kuhlman, who out of four times at bat secured four hits, were the features. Score: 2 Paris.....2 1 0 0 0 0 0 0—3 Frankfort.....0 0 0 0 0 0 0 0—0 Batteries—Paris, McCormick and Holder; Frankfort, Cornell and Angemeier. Hits—Paris 8; Frankfort 8. Errors—Paris 3; Frankfort 2. Paris went to Frankfort yesterday and got revenge for the defeat they received at the hands of the Lawmakers the day previous in this city. Score, Paris; Frankfort 2. Poole and Holder did the battery work for Paris.

The Chance of a Half-Century.

It takes votes to win, and if you are a Democrat your vote should be cast Saturday for Bourbon's candidate for Congress. Do not neglect this best opportunity in 47 years for Bourbon to send one of her native sons to Congress. Vote for Hon. C. M. Thomas and remind your neighbor—go to the polls and keep busy.

MATRIMONIAL.

—The Georgetown News contains the following notice of the marriage of Miss Mary Evelyn Matthews, daughter of Mrs. Clara B. Matthews, of Paris:

"Miss Mary Evelyn Matthews and Prof. Luther Cornelius Weeks, both of Lafayette, Ind., were married Saturday afternoon at the home of the bride's sister, Mrs. G. F. Olsen in Payne addition, Rev. W. O. Cochrane performing the ceremony. As the guests assembled Miss Gayle Jackson played several selections on the piano and Mrs. W. Carrick Ware sang a number of solos.

"The little flower children were Maragret and Fred Olsen. Jr. Mrs. Lenore Williams, of Lafayette, was maid of honor and Prof. Joseph Cannon, of South Bend, Ind., was best man.

"A two course supper was served in the dining room after which, the bride donning a mustard colored costume with hat to match, Mr. and Mrs. Weeks left for Washington. Before returning home, they will return to this city and pay a visit to Mr. and Mrs. G. F. Olsen."

—Miss Rebecca Lou Stivers and Mr. Arthur Burley, of Paris, were united in marriage Tuesday, at the home of the officiating minister, Elder R. H. Crossfield, in Lexington. Mr. and Mrs. Burley left for a bridal trip to Louisville and other points.

—The marriage of Miss Bessie Elbridge Edwards and Mr. Marion Clyde Keller was quietly celebrated at the home of the bride's parents on South Main street Wednesday evening at 8:30 o'clock the Rev. Geo. W. Clarke officiating.

Only immediate friends and relatives of the contracting parties witnessed the ceremony. The home was artistically decorated with ferns and palms, while vase of American beauty roses and pink carnations were everywhere in profusion.

The bride was beautiful in a handsome gown of embroidered French mull and carried a bouquet of American beauty roses. Immediately after the ceremony the guests were served with refreshments consisting of ices frozen in the shape of American beauty roses and individual heart-shaped cakes.

The bride, who is the daughter of Mr. and Mrs. Ossian Edwards, is a handsome and attractive young wo-

man, while the groom, a son of Dr. and Mrs. Arthur H. Keller, is a valuable employ of the Louisville & Nashville railroad in the capacity of assistant ticket agent. The couple were the recipients of many handsome and useful wedding gifts.

Mr. and Mrs. Keller left for Lexington in an automobile where they took a C. & O. train for the East where they will spend three weeks on their honeymoon.

—At the residence of the bride's mother in Richmond yesterday afternoon Miss Ollie Ashbrook and Mr. Leander I. Smith of this city were united in marriage.

The bride is the daughter of Mrs. James M. Barlow formerly of Paris and for the past few years has been an efficient member of the faculty of the Paris city school and is a favorite with a large circle of friends. The groom is a member of the civil engineering corps of the L. & N. railroad and is quite popular.

Mr. and Mrs. Smith passed through Paris yesterday afternoon on the 3:40 L. & N. train for the East where they will spend several weeks on their bridal tour.

DEATHS.

—Mrs. Catherine Rowland died Wednesday morning at her home on the Jacksonville pike after a short illness of complication of troubles. She is survived by her husband, Mr. Allie Rowland, and one child, and three sisters, Misses Sue and Bess Peddicord, of Winchester, and Mrs. T. C. Jackson, of Louisville. The funeral services were held at the grave in the Jacksonville cemetery Thursday afternoon at 3 o'clock, conducted by Rev. T. C. Stackhouse. The pall bearers were: B. F. Buckley, John N. Shropshire, H. C. Clifford, G. R. Burberry, J. H. Huffman, B. T. Bishop.

—A despatch from St. Louis says: "Mrs. Keurrah M. Davie, sister-in-law of former Lieut. Gov. John B. O'Meara, died yesterday morning at 10:35 o'clock at her home 5134 Raymond avenue, after a year's lingering illness. The funeral will take place Wednesday afternoon at 12 o'clock, at the residence, with interment in Bellefontaine cemetery. Three children survive her: Ketuah F., William F. and James A. Davie. Mrs. Davie would have been 63 years old August 17.

"She was the granddaughter of the celebrated Kentuckian, Mr. Francis P. Helm, who while visiting in this city about forty years ago, was seriously wounded in a pistol duel with the late Major Kearney. One of her cousins was the late Hardin Helm, of Kentucky, who married a sister of President Abraham Lincoln's wife.

"The late Mrs. Davie's husband William Davie, died in this city many years ago. For twenty-seven years he conducted a wholesale drug store at Second street and Washington avenue.

"Mrs. Davie's father, Thomas B. Ford, was a contractor in St. Louis more than fifty years ago. He died June 19, 1896."

Mrs. Davie was formerly a resident of Paris, where her husband, Wm. Davie was engaged in business. A number of years ago she moved to St. Louis, where she has since resided.

Vote For Thomas.

The only chance to defeat Claude Thomas next tomorrow is in the failure of the country voters to go to the polls. Cantrill's forces are largely in the towns and easily gotten to the polls. Thomas' main strength is among the farmers and tobacco growers for whose interests he stands. If they go to the polls and vote tomorrow, his nomination is assured. If they stay away they can only blame themselves if Cantrill gets the nomination.

All of us, whether we grow tobacco or not, are deeply interested in the Burley pool. If it fails, wide-spread disaster will result. A vote against Thomas is a vote to destroy the pool. Every man who owns land and wants to see it maintain its high price, will vote for Thomas, because, to destroy the pool is to strike down the value of your lands. High prices for tobacco makes high prices for land, and both depend on the success of the pool. Every man who owns either land or tobacco, should vote for Thomas.

Remember The Primary Saturday.

Let nobody forget the Congressional primary election next Saturday. Bourbon county has a candidate who deserves the hearty support of all citizens. He is able and clean and will represent the Ashland district as it was in the old days, when it sent to Congress men of the highest ability and character. Let us give him a majority that we and he will be proud of. It takes but a short time to go to the polls and vote, and we owe it to ourselves as well as to Mr. Thomas to do that much.

Don't forget the day, tomorrow, June 25th.

Want Date for Celebration.

The Henry Clay Monument Commission held a meeting Tuesday morning in Lexington and received a committee from the Commercial Club of that city which made a strong plea that the commission fix a date for the proposed celebration in commemoration of the completion of the Henry Clay statue, recently finished by Sculptor Mulligan and placed on the Clay monument in the Lexington cemetery.

The committee made no request for any special date, but erected its efforts to have the commission decide in favor of a celebration, the date of which however, announced that it would take the matter under advisement. All the members of the commission were present.

Bourbon Circuit Court.

WEDNESDAY.

The case of the Commonwealth against Cleveland Stafford was continued until the second day of the November term of the Bourbon Circuit Court. In default of \$1,000 bond Stafford was remanded to jail.

The indictment against Claud Tobin, charged with abandonment was dismissed. At the November term of court the grand jury returned an indictment against Tobin for seduction, the offended principal being Annie Berry. Later Tobin married the girl and the indictment pending was dismissed. Since it developed that he had refused to support her and the grand jury at this term of court returned an indictment for abandonment. At the trial Wednesday Attorney P. A. Thompson, representing the defendant, demurred to the indictment on the ground that the offense was not a felony and Judge Stout sustained the demurrer, resulting in the indictment brought by the grand jury at this term of court being dismissed.

THURSDAY.

In the Circuit Court yesterday the following criminal cases were disposed of: William Knox, common nuisance, five years in the county jail at hard labor; Keller Thomas, forgery five years in the penitentiary; Will Tolliver, malicious cutting, one year in the penitentiary.

Arguments were made before the court by attorneys for Watt Stafford convicted at this term of court for malicious cutting with intent to kill and given a sentence of three years in the penitentiary, on petition for a new trial. After the arguments were concluded Judge Stout took the matter under advisement and will render a decision in the case within the next few days.

The Chance of a Half-Century.

It takes votes to win, and if you are a Democrat your vote should be cast Saturday for Bourbon's candidate for Congress. Do not neglect this best opportunity in 47 years for Bourbon to send one of her native sons to Congress. Vote for Hon. C. M. Thomas and remind your neighbor—go to the polls and keep busy.

RECORD

(Continued From Page 2)

stands the situation. Fortunately there is no occasion for any Democrat to stultify himself or any interest to go against its wishes. The Hon. Claude M. Thomas, of Bourbon county, who is the antithesis of everything that Mr. Cantrill is, who is a Democrat of the purest ray serene, who has been tried and never found wanting, who represents the best traditions of the country and who regards honor and integrity as a man's best asset, is an applicant for your support and if you wish an honest man, a capable man and a true man to represent you in the Congress of the United States, you will go to the polls next Saturday, June 25, and vote for him. The interests of the Democratic party and that of every honest endeavor will be safe in his hands and the Seventh District made famous by some of the greatest statesmen that ever sat in Congress will come to its own again.

The writer has grown gray in the service of the party to which he has always given his supremest allegiance. He has never asked anything of that party but to give us its best men and best government. He has no axe to grind and nothing at heart or at stake but the greatest good to the greatest number. Therefore he confidentially appeals as a democrat to democrats in behalf of Mr. Thomas and feels that he will be nominated by such a majority as will put such an approval of the party on uprightness and official integrity that it will count in all days to come.

Executive Committee Burley Tobacco Society Replies to Mr. Cantrill.

Lexington, Ky., June 21, 1910. A newspaper telephoned the Burley Tobacco Society headquarters last night that it could not carry a letter from the executive committee on the first page because the first page had been "bought by the other side."

From every county in the Seventh District comes the information that men are riding at \$5.00 per day for Mr. Cantrill. One man in Owen county says he was offered \$500 to work for Mr. Cantrill in this race.

It is an open secret that Mr. Joe Morris of Henry county is Mr. Cantrill's secretary and at Mr. Ben Freckman, of Fayette county is employed to work for Mr. Cantrill in this race only.

These facts show that Mr. Cantrill is spending money like water. He says that he had to borrow the money to put up his entrance fee. Where then is the money coming from to buy the first page of newspapers and to employ high priced men?

It is well known that all the forces that worked against the tobacco growers organizations in 1906 and 1907 are now working for and betting on Mr. Cantrill. Is it not a fair supposition that the Tobacco Trust which would be most benefitted by no pool in 1910 is furnishing money for Mr. Cantrill's race?

Mr. Cantrill alleges that he is making his fight single handed and alone.

He may be the only man on the stump for his side; but he is backed by one of the most powerful combinations not only in the State but in the nation as well. Will the voters of the Seventh District permit these forces to baffle the will of the people and tread the rights of the majority under foot?

It is up to the people who have convictions of the right in this race to vote themselves and help bring out the Thomas vote. Men with convictions should certainly work as hard for the right as other men work for \$5.00 per day. Money ought not to be allowed to down the truth and put shackles on the largest single industry in the State.

Mr. Cantrill read at the Georgetown meeting a letter from the Press Committee of the Burley Tobacco Society asking a newspaper to carry certain matter and to send the Society the bill at its usual rates.

The officers of the Burley Tobacco Society are fighting to maintain a fair price for the pooled tobacco and to protect the stock of the Burley Tobacco Company. They have no way to reach the masses of the people save through the newspapers and every penny spent is for the purpose of saving millions of dollars. They are making precisely the same fight they made in 1906, 1907 and 1908.

Mr. Cantrill is making the fight and the expense necessary just as he made it necessary one year ago. That the pool is not stronger is due solely to him and his henchmen.

We herewith wish to state that the writer of the twenty-nine reasons for opposing Mr. Cantrill has had no official connection with the Burley Tobacco Society since May 1, and therefore the reason added by Mr. Cantrill "Some people will lose good jobs" cannot apply to that writer. Mr. Cantrill's reason implies what the twenty-nine reasons affirms, that his purpose is the destruction of the Burley Tobacco Society and the \$20,000,000 worth of property that it represents with no pool for 1910.

Mr. Cantrill has again and again affirmed, falsely affirmed, that the Burley Tobacco Society officials guaranteed that he would have no opposition if he would support the contract as it stands. In his Georgetown speech he says he was not given the courtesy of a conference. Which of these two statements will Mr. Cantrill abide by?

Mr. A. L. Ferguson, of Scott county, is the only Burley Society official who had any communication whatever with Mr. Cantrill and this is Mr. Ferguson's statement:

"I called Mr. Cantrill over the phone and told him that I wanted to impress upon him the importance of setting himself right before the people on this tobacco question, that I was talking to him as a personal and political friend and that the people were dissatisfied with his actions, that a great many rumors were in existence to the effect that he was not doing the square thing by the tobacco growers.

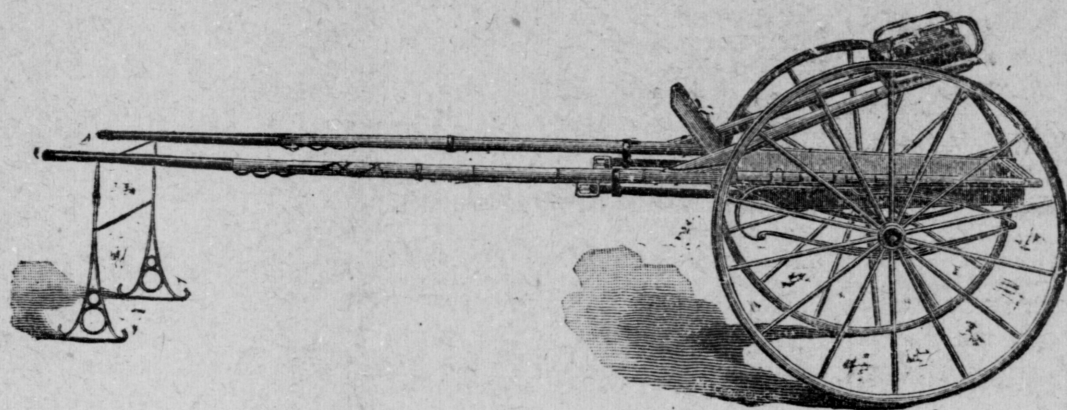

"I also told him that a great many people were urging me to make the race for the Democratic nomination for Congress in this district; that I did not want to make the race, that I was not a politician or office seeker but would advise him to do something to

MR. LEBUS

Replies to Mr. Cantrill—Says He Never Introduced O'Rear Or Made Reference As Alleged by Mr. Cantrill.

Lexington, Ky., June 21, 1910.

Mr. Cantrill has repeatedly said: "LeBus last year went over the State introducing Judge O'Rear as your next Governor," and he reiterated this statement in his speech at Georgetown Monday, June 20.

I was present at but three meetings last year when Judge O'Rear was present. I never introduced him at any time, anywhere and never at any time or in any place referred to him as "the next Governor of Kentucky."

My interest in this Congressional race is purely a business interest. I believe Mr. Cantrill's nomination will delay the sale of the pooled tobacco and lower the price and greatly injure, if not destroy, a 1910 pool.

I am fighting simply and solely to protect the 120,000,000 pounds of tobacco in the pool and the stock in the Burley Tobacco Company. I would not be true to the owners of this property, whom as President of the Burley Tobacco Society I represent, if I did not do my best to prevent its value being destroyed.

Mr. Cantrill claims to believe that I am seeking to turn the Burley Tobacco Society over to the Republican party, and yet he says he would support the organization if contrary to their own experience and the advice of their attorneys, the District Board would insert a 75 per cent. clause in the pledge. Any thinking man can see the inconsistency in Mr. Cantrill's proposition.

And any thinking man can see that a contract with a conditional clause is a very poor thing to stand the test of the courts.

I do not want a 1910 pool that has not the cordial support and endorsement of the majority of the tobacco growers and seeking to arrive at the will of the majority without vitiating the contract by inserting a per cent. clause, I offered the following motion at the June meeting of the District Board.

"We will prior to October 1, or we will recommend that our successors take such action on or before November 1, submit to the voters of the 1910 crop all information in our possession as to the number of acres of Burley tobacco pooled and the number of acres planted and place upon them the responsibility of declaring a pool by vote at the county seat in each county or at a point designated by the County Chairman, the vote to be counted by the unit vote."

After a brief discussion the motion was deferred until the next meeting for further consideration. CLARENCE LEBUS.

Remember The Primary Saturday.

Let nobody forget the Congressional primary election next Saturday. Bourbon county has a candidate who deserves the hearty support of all citizens. He is able and clean and will represent the Ashland district as it was in the old days, when it sent to Congress men of the highest ability and character. Let us give him a majority that we and he will be proud of. It takes but a short time to go to the polls and vote, and we owe it to ourselves as well as to Mr. Thomas to do that much.

Don't forget the day, tomorrow, June 25th.

Democrats, Be at the Polls.

The Democrats of Bourbon county have not had a chance for a whole generation to vote for a Bourbon county candidate for Congress. They have the chance now and Claude Thomas is worthy of the hearty support of every citizen of his county. It will take but a little while to vote next Saturday. Let every Democrat go to the polls and show by a rousing majority for Thomas that Bourbon county stands by its candidates and earnestly desires their success.

BURLEY SOCIETY REPLIES

(Continued From Page 6)
square himself and to do it at once." Mr. Cantrill will not deny that this is not all that passed between him and any head official of the Burley Tobacco Society, and no sane man would be able to construe Mr. Ferguson's words either into a threat or at guarantee, nor will any sane man be able to find in Mr. Ferguson's words either a request or a demand that he come to Kentucky and makes speeches for the Burley contract as it now stands.

Mr. Cantrill charges what is the merest balderdash that the Burley Tobacco Society is playing into the hands of the Republican party, and yet he agrees to support the Burley Tobacco Society if it will insert a certain clause in the pooling contract. The two assertions are not consistent. He must take one or the other.

Is he fighting the Burley Tobacco Society as an ally of the Republican party or is he fighting its business policy? And as a Democrat is he willing to condone the political conniving, which he alleges, if its officers will adopt this business policy?

A gentleman of Scott county says, that when he went down into Bourbon county in 1908 to work for Mr. Cantrill, Mr. Robert Anderson cautioned him not to let the Bourbon county people know that Mr. Oscar Carrick, who was backing Mr. Cantrill, had ever voted the Republican ticket. This Mr. Oscar Carrick who has voted the Republican ticket and was then backing Mr. Cantrill is the same Mr. Carrick, vice president of a loose leaf warehouse, who advanced to Mr. Cantrill his entrance fee in this race.

The Burley Tobacco Society has no other interest in this race than to see a man with a consistent record receive the Democratic nomination and not a man who has much to explain and who is now making an open fight for the destruction of a vast amount of property. EXECUTIVE COMMITTEE, Burley Tobacco Society.

Why Not Own Your Own Home?

The Famous Old Bourbon Fair Grounds, at Paris, Ky., will be Sold in Building Lots on

Thursday, June 30,

1910, the Sale beginning at 2 o'clock.

47 Lots Will Be Sold—Don't You Want One?

The sub-division is not an experiment, already twenty houses have been built there and more are contracted for. Water mains have been laid, electric lights burn there every night; a fire hydrant is already there; Nineteenth street, running directly through this property has been macadamized and many concrete walks have been built. You don't have to develop this property, it is already developed.

The city of Paris is growing toward the South, and this sub-division is in South Paris. Remember it is close to the new railroad yards, where the Louisville & Nashville Railroad Company is putting in improvements costing over \$250,000. It is on the Paris and Lexington interurban and city cars pass each way twice every hour. What more can you ask for? If you don't want the trouble of building, we will sell at the same time and place two new cottages, with modern conveniences, in perfect repair, on Nineteenth street. These will suit the most fastidious. Also two small cottages on the Clintonville pike.

Every lot will be sold as advertised. A band of music has been engaged for the occasion and you are cordially invited to be present, whether you bid or not.

Every white person, man or woman, registering with the Secretary before the sale of the third lot will be given a number entitling the holder if present at the close of the sale, a chance as two ten dollar gold pieces, to be given to the two persons holding the lucky numbers.

Terms of sale are liberal and as follows: The purchaser has privilege of paying all cash; or one-third cash, and balance in one and two years with lien on property or purchaser can pay \$25 cash, and balance in monthly payments of \$10 each, until payments amount to \$100, when deed is to be made and lien reserved for balance due on lot, and payments continue at rate of \$10 per month. Remember the time and place.
